

KING OF KINGS \* PRINCE OF PEACE \*

*"The heavens declare the glory of God, and the firmament sheweth his handiwork." (Ps. 91:1)  
"And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest and on earth peace, good will toward men." (Luke 2:13-14)*

Night after night the shepherds in the hills around Bethlehem had seen the glory of God on display in the heavens above them. Their great shock at suddenly finding themselves in the presence of God's angel and His glory was rapidly followed by an intense desire to see the promised One themselves. What they saw was a helpless, newborn baby. What they found was Emmanuel, the glory of God come to dwell with us.

I spent much time studying surgery during the past few weeks. There is so much information from recent years to review, so this "tune up" was valuable. Every time something new is discovered, there are many new opportunities for application and research leading to further advances in medicine. The intricacies of the human body display the glory of our Creator.

It has been a joy to report to supporting churches and individuals. I have greatly appreciated the encouragement, prayers and friendship shown by my co-laborers in ministry over the years.

My sister and I found time for a two day vacation. That may not sound very long, but we had a lot of fun in the brief escape from work and study.

**Praise** I was able to take the American Board of Surgery recertification exam in Greenville on December 3. It is a lot more restful to sleep in one's own bed the night before a major challenge! The scores will not be available for 8-10 weeks.

**Projects** I am eagerly looking forward to what God will do in the coming year. The next project is a house; estimated cost--\$50,000.

There are tools I need to purchase as we plan for future construction. My worker Isaac planned to give me a list, but there were delays due to flooding in Cap Haitien after massive rains (his house was included) and by his wife's delivery of their third child. Now that we have the storage building, we have a secure place for tools and equipment. I hope to have the list soon so I can share it with you.

**Prayer** I will return to Haiti on **January 10**, our Lord willing. Right now I am catching up on jobs that were put on hold while I studied.

Some medications are being phased out in the US. I need to know what current, affordable replacements are recommended.

*"And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth." (John 1:14)*

The glory of the Lord was displayed in the body He created for Himself, and then shone forth as He dwelt among us. May we not only know the grace and truth He brought us, but share it with those around us.

Have a blessed Christmas!

Dr. Anne
